“Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has.” ~ Margaret Mead

Advocates are a vital component in the fight against lung cancer.

An “advocate” is defined as a person who supports a cause and exercises his/her right to be heard. We need your help to raise awareness about lung cancer in your communities.

Get Involved with the Caring Ambassadors program. You can make a difference by Giving Lung Cancer a Voice, Volunteering, or Making a Donation to support our efforts.
